Sir:

PETITION TO CORRECT INVENTORSHIP UNDER 37 CFR §1.48

Petition is hereby made to correct the inventorship of the above-identified application deleting Marijke Stigter, Hugo Oppelaar, Gordon Brian Snow, Fiona Anne Stewart, and Pieter Edsge Postmus leaving only as true and correct inventors of the subject matter claimed in this application Martinus Bernardus Vrouenraets, Gerardus W.M. Viisser and Augustinus A.M.S. Dongen.

In support of this Petition are signed Declarations executed by all of the PTC-listed "inventors" to be removed from this application acknowledging that there was an error in designating the inventors of the underlying PCT application, that this error occurred without any deceptive intent, and identifying the correct inventors.

As stated in their declarations the error occurred as the persons listed on the PCT application as "inventors" were designated as the same persons named as authors of a related research publication. Later, on closer review, it appeared that several of the authors are in fact not inventors of the subject matter defined by the claims of the present

application. A statement from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his/her part is included in each declaration [37 CFR §1.48(a)(2)].

Declarations by the actual inventors as required by Rule 63 are concurrently filed with this Petition in response to a Notice of Missing Requirements dated January 24, 2002. [37 CFR §1.48(a)(3)].

Attached is our check for the requisite Petition processing fee [37 CFR §1.48(a)(4)].

Approval of this Petition is solicited. If for any reason further information is required the reviewer is requested to contact the undersigned.

Respectfully submitted,

NIXON & VANDERHYE P.C.
